5) Two temporary gardeners were originally sanctioned for the office of the Chief Inspector of Mines in G.O. No. C-2-888 of 9/11 Nov. 1911 for a period of 5 years from 1.9.11. The period was extended from 1.9.16 to 1.9.21 (5 years) in G.O. No. 4.16268-9/Rev. 42-15-6.

7) When a recommendation for a further extension of 5 years was received from the Ch. Insp. he was asked ^{to state} whether he could not get the gardening work done by one of the 8 persons on the permanent ^{Est.} and on receipt of his reply Govt. sanctioned the continuance of the temporary Est. up to also for a further period of 3 years from 1.9.21 to 30.8.24, and no extra ^{was allowed to be incurred} cost is being ~~incurred~~ on this ~~Est.~~ account.

8) He (Ch. Insp.) now requests for the ~~further~~ continuance of the Est. for a further period of 5 years from 1.9.24 and states that a provision has been made in

14) I do not think it is

desirable to make an establishment
permanent. The chief Inspector does
not himself propose this measure. After all,
a garden in the compound of an office can not
be considered an absolutely necessary amenity
It may, I think be continued for 2 or 3 years.

Serial No. 1

Sir,

With reference to Government Order No. G. 24860-1/Geol.

Q 86-20-6 dated 22nd June 1921 sanctioning the continuance of the temporary establishment of two gardeners - vide G.O. No. G. 16268-9/Geol. 42-15-6 dated 31st May 1916 - for a further period of 3 years from 1st September 1921, I have the honour to inform you that the period of sanction expires on the 31st August 1924, and to request you to kindly obtain the sanction of Government for the continuance of the above temporary establishment - one Head Gardener on Rs 13/- and one Asst. Gardener on Rs 10/- - for a further period of five years to enable this Department to maintain the large garden and compound in which the office buildings etc., are situated.

The reasons for asking for the continuance of this temporary establishment for a further period of 5 years are as follows:-

1. The garden is a large one embracing as it does the whole of the compound in which the office buildings are situated.
2. To keep it in order, a third hand is employed - wages paid privately - to assist the other two on account of the size of the compound.
3. It would be impossible for a single person to look after and even keep the place respectably tidy and, as one of the main roads through the Field passes alongside the compound, it is essential that it should be clean and in good order from every point of view.

Necessary provision has been made in the budget estimate of this Department for 1924-25.

I have the honour to be,
Sir,
Your most obedient servant,

"S.

R. Bocquet
Chief Inspector of Mines in Mysore.
